

Nursing director named at Sullivan health care

By AARON ALDRIDGE
Staff Writer

UNITY — Rebecca Trudelle has been appointed as the new director of nursing services at Sullivan County Health Care.

Trudelle has 17 years of nursing experience including supervision in intensive care units and as a former director of nursing services at a previous employer.

Nursing home administrator David Laplante said he is pleased with Trudelle's appointment.

"Rebecca's diverse and solid management background coupled with her apparent leadership talents deem her the ideal candidate of all those considered," Laplante said.

Trudelle earned an associate's degree in nursing from St. Petersburg College in Florida and a bachelor's degree in nursing from the University of Phoenix. She is currently working on a master's degree in nursing.

"I am extremely pleased to have found such a talented individual whom we, as an organization, can promote from within," Laplante said.

Trudelle also serves on the board of directors for the Harrisville Ambulance Service and is a member of the National Association of Directors of Nurses and Long-Term Care.

She currently lives with her husband Ron on their family homestead in Harrisville, N.H.
